TO WHOMSOEVER IT MAY CONCERN

This is to certify that ours is an Integrated Slaughterhouse, and we take immense pleasure in acknowledging the professional services of M/s. ABM ENVIRONMENT CONSULTANTS, headed by Mr. N. K. Gupta, located at Ghaziabad (India).

They have successfully designed and implemented an Effluent Treatment Plant (ETP) of 1500 KLD capacity at our facility, strictly adhering to the guidelines of the Department of Environment – Government of India.

Their scope of work covered the following:

- Preparation of detailed civil and structural drawings with layout plans.
- Selection of electrical and mechanical equipment.
- Training of operating personnel.
- Supervision during construction and commissioning of the ETP.

We are pleased to state that they have consistently provided us with valuable technical inputs for adopting best environmental management practices. The quality of their work at our factory is appreciable.

We sincerely acknowledge their dedication, expertise, and commitment to environmental sustainability, and we wish them continued success and a bright future ahead.

Thanking You
