

EAGLE CONTINENTAL FOODS PVT. LTD.

TO WHOM SO EVER IT MAY CONCERN

We are having an integrated slaughter house. We were facing the lot of problems in respect to the air / water / solid waste pollution. The design provided by M/s. ABM ENVIRONMENT CONSULTANTS, GHAZIABAD is extra ordinary in respect to the Effluent Treatment & its reuse; solid waste management & its reuse & minimisation of odour problems . The norms of treated water are up to the acceptance of U. P. Pollution Control Board.

The Work done, guidance provided by the team headed by Mr. N.K. Gupta is extra ordinary and has been praised by our management.

We wish them for a bright future.

M/s EAGLE CONTINENTAL FOODS PVT. LTD.
