TO WHOM SO EVER IT MAY CONCERN

We are having a long association with M/s. ABM Environment Consultants headed by Mr. N.K. Gupta. We feel pleasure to quote that the various measures / initiatives suggested by them right from Designing of E.T.P (Capacity : 350 KLD; detailed civil drawings & layout plan, selection of Electrical - Mechanical equipments), preparation of Project Report, training to the personnel, supervision during construction and commissioning of E.T.P. in the year 2009-2010.

Under guidelines the ETP operation - handling is also being maintained from 2010 to till date.

They have always provided us the valuable inputs for adopting best environment management practices. The work done by them in our factory has been praised by Pollution Control Board authorities as well as other prominent industries & associations.
